

Aladdin's Double Shield

Directions

Don't spray on a dry car surface

Step 1. Wash car with car soap

- Car can be hand or machine-washed.
- For best results, wash car well at this stage.
- Just rinse well with a lot of water to eliminate soap. Don't need to wipe off water at this step.

Step 2. Spray Double Shield

- You can use DOUBLE SHIELD all body surfaces, but we do not recommend using on galss.
- WORK ON SMALL SECTIONS AT A TIME (about the size of 1/4 of the car's hood)
- Wipe off excess water to avoid runoff.
- Car surface should be wet to avoid uneven product distribution which results in spotting.
- Using a spray bottle contain water is easy way to control the amount of water on the surface.
- Spray DOUBLE SHIELD on car surface. One squirt of product covers approximately one square foot of surface.

Step 3. Spread with sponge

- Spread ALADDIN'S DOUBLE SHIELD lightly and evenly with a sponge.

Step 4. Dry with microfiber and enjoy its beauty

- Wipe with a microfiber cloth.
- Repeat this process with each sections.
- Let it dry 10 minuits. ALADDIN'S DOUBLE SHIELD dries quickly and starts hardening. As product dries, car's surface shine will increase.
